Objective

Dedicated Associate System Developer with over 1 year of hands-on experience in system development and an internship background as a Jr Software Engineer. Adept at designing and implementing solutions for in-house systems and web development. Seeking an opportunity to leverage my skills and contribute to a dynamic development team, with a focus on implementing functionalities, solving complex issues, engineering integrations, and ensuring scalable and sustainable platforms.

Professional Experience

Associate System Developer | Sumidenso Automotive Technology Asia – November 2022 – May 2024

- Proven ability to identify and propose alternative solutions to complex client demands, ensuring high client satisfaction and repeat business.
- Developed and implemented new features for internal systems, resulting in improved efficiency and streamlined operations.
- Collaborated with cross-functional teams to identify, troubleshoot, and resolve software issues independently and within groups.

Jr Software Engineering Intern | Hooli Software – March - June 2022

- Demonstrated practical experience in system development and customization, specializing in web app development using Javascript and TypeScript.
- Collaborated with senior developers to efficiently address client requirements and enhance software functionality.
- Showcasing a proactive problem-solving approach and a strong passion for continuous learning.

Technical Skills

- Programming Languages: C#, Javascript, Typescript, Java, C++, PHP, Python
- Database Management: MS SQL, Mysql
- Tools: TortoiseSVN, Git, Docker, Visual Studio
- Web Technologies: HTML, CSS, React
- Problem Solving: Proven ability to identify and resolve issues independently or collaboratively.

Education

- TVL – ICT COMPUTER PROGRAMMING NC III – JAVA & .NET TECHNOLOGY
  STI College 2016 - 2018
- BACHELOR'S DEGREE IN INFORMATION TECHNOLOGY
  Don Honorio Ventura State University June 2018 – August 2022
